

The Association for Science in Autism Treatment (ASAT) proudly announces the return of its quarterly newsletter, Science in Autism Treatment.

This free, quarterly e-newsletter features:

- ✓ Invited articles by leading advocates of science-based treatment
- ✓ Clinical Corner responses to frequently asked questions about autism treatment
- ✓ Consumer Corner descriptions of resources that can guide and inform treatment decisions
- ✓ Ethics Corner discussions of the array of ethical/professional issues surrounding autism and its treatment
- ✓ Detailed summaries of specific treatments for autism
- ✓ Book reviews
- ✓ Highlights of our Media Watch efforts
- ✓ Reviews of published research to help consumers and professionals understand and access the science
- ✓ Critiques of policy statements related to autism treatment
- ✓ Interviews with those advancing science based treatment and confronting pseudoscience
- ✓ Discussion of accurate and inaccurate portrayals of autism and its treatment by the media
- ✓ Announcements about upcoming conferences of interest
- ✓ Guidelines to help consumers access effective treatments
- ✓ Links to helpful resources and articles already offered on www.asatonline.org
- ✓and even more
