

ASAT Real Science, Real Hope

ASSOCIATION FOR SCIENCE IN AUTISM TREATMENT

The Power of Your Donation

*Help ASAT put accurate information about autism treatment
in the hands of families and service providers TODAY.*

Your generosity will enable ASAT to:

- Continue our efforts to focus on evaluating efficacy of and disseminating information about treatment and services across the lifespan;
- Expand our coverage of genetics, epidemiology, assessment, and biologically-based treatment issues;
- Increase our presence internationally to reach global communities and families who have little support for evidence-based autism treatment; and
- Widen our impact on the media's portrayal of autism and its treatment by creating materials to disseminate to journalists about effective autism treatments and appropriate ways to communicate with a global audience.
